# HOW TO USE AND PRINT THIS DOCUMENT

This playbook is an interactive PDF designed to help you navigate content easily and find information quickly. The document is best viewed using a PDF reader (such as Adobe Acrobat®). When you do this, you can use the “down” and “up” arrow in the PDF reader toolbar to advance pages in the document. It can also be viewed by opening the document in a web browser, in which case you can scroll up and down to navigate through the pages.

Back to the table of contents

Click "File" and then "Print". This will open a print dialog box displaying various options. There may be a Print button available at the top or bottom of the document without having to open the File menu.

Select your printer. In the Print dialog box, you will be able to choose the printer that you want to send the document to.

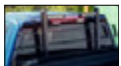

Set the range (pages to print), page size and handling and print orientation (portrait or landscape) for your print job. If your PDF file is multiple pages and you only need specific ones, use the Range or Pages section of the Print window to set which pages should be sent to the printer.

Choose any advanced printing options. Choose advanced printing features by clicking on "Properties" button. From here a number of selections can be made to the layout, finish, and other features of the PDF file. Additionally, this is where to select whether to print in color or in black and white.

Print the document. Once you have set all of your printing options, you can send it to printer by clicking the Print button. Your document will be added to the printer queue.

Adam Pitale -  
Founder & Chief Detailer

## THE FIRST NAME IN CAR CARE.

Adam Pitale's passion for cleaning started at a young age. He started his first business washing and polishing bicycles in his neighborhood. By age 10, he turned his attention to cars and trucks with a mobile detailing business that eventually began specializing in limousine fleets.

Throughout high school and college, Adam continued to grow his company and service large fleets, while looking for ways to evolve his products, change his process and enhance cleaning efficiencies. His expanded fleet detailing business also helped him create new products which he began selling at the Orange County Swap Meet in Southern California. Since he never officially named his company, it eventually became known as "Adam's."

Today, Adam's Polishes<sup>®1</sup>  are available directly from [GMC.com/accessories](https://www.gmc.com/accessories) or at your local GMC dealer. His premium car care signature line includes car wax, sealants, dressings, cleaners and polishes - all guaranteed to outshine and outlast any product you've used on your GMC.

Some accessories shown are from an independent supplier. GM Licensed and Associated Accessories are covered under the accessory-specific manufacturer's warranty and are not warranted by GM or its dealers. GM is not responsible for the safety or quality of independent supplier alterations.

1  Non-GM warranty. Lifetime limited warranty by Adam's Polishes. For more information, contact your dealer.

# TAKE CARGO MANAGEMENT TO NEW HEIGHTS

## TELESCOPING RACK

The Advantage® Telescoping Rack<sup>1</sup> is an elevated rack that works perfectly in tandem with the pickup bed. The rack offers the perfect cargo management solution for large items such as kayaks, ladders, bikes and other oversized cargo. The telescoping design provides built-in versatility with adjustable heights preset to 18, 23 and 28 inches. With a weight capacity of up to 750 pounds static, 500 pounds dynamic, and 250 pounds off-road, this robust rack is just what you need to get the most out of your truck.

- Installed using T-slot rails (sold separately) or on truck bed covers that have T-slot rails
- Rustproof aluminum construction with powder coat finish
- Ability to move rack fore and aft on T-slot rail system
- Three adjustable heights: 18", 23" and 28"
- Weight capacities<sup>2</sup>: 750 pounds static, 500 dynamic, 250 pounds off-road
- Includes rack, stanchion, cross bars, tie-down kit and hardware kit

## BED RAILS FOR TELESCOPING RACK

The Advantage® Bed Rails for Telescoping Rack<sup>1</sup> provide a foundation for cargo management accessories. These unique rails are the connecting piece to attach the Telescoping Rack (sold separately) to a truck bed. Once installed, just slide a T-slot accessory into the integrated channel. These rails allow for full functionality of certain truck bed covers that attach inside the bed rail. They are not required on trucks equipped with truck bed covers already featuring T-slot rails.

- Creates a multitude of possibilities when choosing between T-slot equipped truck racks and inside mount truck bed covers
- Robust engineered aluminum construction
- Durable, textured powder coat finish
- Install in minutes with no drilling or special tools
- Includes bed rails, installation instructions and set of four T-slot tie-downs

Most GMC Parts and Accessories sold and installed on a GMC vehicle by a GMC Dealer or a GMC-approved Accessory Distributor/Installer (ADI) before delivery to the customer are covered under the applicable limited warranty. If GMC Accessories are installed after vehicle delivery, or are replaced under the New Vehicle Limited Warranty, they will be covered, parts and labor, for the longer of the following: a) 12 months/12,000 miles (whichever comes first), or b) the balance of the applicable portion of the New Vehicle Limited Warranty. GMC Parts sold over the counter, or those not requiring installation, will continue to receive the standard GMC Dealer Parts Warranty of 12 months from the date of purchase, parts only, regardless of miles. GMC warranties do not apply to Associated Accessories. See your dealer for details

- Adjustable along the length of the bed, from fully closed to fully open and multiple points in between
- Unique spiral track system helps prevent the cover from contacting itself as it retracts, which minimizes wear-and-tear on the cover
- Holds up to 500 lbs., evenly distributed, for supporting heavy loads on top of the cover
- Lockable for added cargo protection
- Keeps rails and rear stake pockets exposed for added convenience
- Integrated T-slot rails are compatible with many accessories

**NEXT GENERATION BEDLINERS**

# NEXT GENERATION BED AND TAILGATE PROTECTION

Bedliner

Bed Mat/Tailgate Mat

## BEDLINER, BED MAT AND TAILGATE MAT FOR GMC SIERRA AND CANYON BY BEDRUG®<sup>1</sup>

### BEDLINER

For the ultimate in innovative and unique truck bedliners, choose the BedRug® Bedliner. It offers the look and comfort of carpet in ultra-tough 100% polypropylene (essentially plastic) construction while protecting the truck bed from impact dings and damage. It stands up to the most harsh conditions owners can throw at it – from gravel to battery acid – and still protects precious cargo and your knees!

- | Molded to fit specific GMC pickup models to look great and fit like a glove
- | Creates a void-free surface without damaging the cargo bed and allows easy access to Original Equipment cargo tie-downs and accessories
- | Non-skid surface keeps cargo in place
- | A built-in hinge between the truck bed and tailgate prevents debris from collecting
- | Fade- and UV-resistant foam is similar to that used in life jackets. It won't absorb water and will not mold or mildew
- | Water simply runs off the surface, through the zippered perimeter and out the cargo bed's factory drain holes – drying in as little as 20 minutes
- | Cleans easily with a garden hose, power washer or vacuum to look good as new

### BED MAT

With cutting-edge materials designed especially for outside use, BedRug® brings next-gen performance to bed protection for Sierra and Canyon. Featuring an ultra-tough 100% polypropylene mat that's fade- and UV-resistant, the BedRug® Bed Mat offers the look and feel of carpet in a water-resistant fiber that's slip- and skid-resistant and dries in as little as 20 minutes. Added features include:

- | A ¾-inch thick, custom-molded foam backing that conforms to the cargo bed contours while protecting cargo and providing a comfortable kneeling surface
- | Foam backing that won't scratch the truck bed or allow mold or mildew to form – water simply runs out of the factory drain holes in the truck bed
- | A contact surface that stands up to nearly any spill imaginable – bleach, battery acid, oil or gasoline washes right off
- | Cleans easily with a hose, power washer or vacuum to look as good as new
- | Installs in minutes with hook-and-loop fasteners
- | Tailgate mat included for some vehicles (see chart at end of section)
- | Not compatible with MultiPro™ tailgate

### TAILGATE MAT

- | Available separately – use independently or with the Bed Mat
- | Features a ¼-inch foam backing to provide a comfortable kneeling surface
- | Same surface composition as the Bed Mat
- | Installs with hook-and-loop fasteners – no drilling
- | Easy-to-clean, water-resistant fiber

CURT™ 25K Gooseneck Hitch

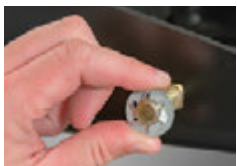

7-way electrical wiring extension also available individually

## 25K DOUBLE LOCK EZR™ GOOSENECK HITCH WITH UNDER BED BRACKETS AND HARDWARE

- Uses two locking pins and a 3/8" diameter handle to keep the gooseneck ball locked into the center section
- Ball features a flip-over design that allows you to store it inside the receiver hole when not in use
- No measuring required – safety chain loop holes are drilled from the underside of the truck bed
- Designed for fast, easy installation, requires only one person
- No need to lower exhaust
- Uses carriage bolts when possible so only one wrench is needed
- Eliminates sheet metal cutting along inside of fender to insert rails

Retainer clips secure the bolts supporting the center section while attaching an installation kit

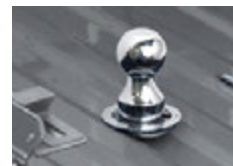

Exclusive center locator saves time

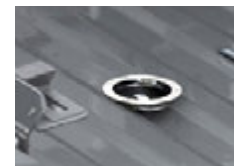

Simply drill up from under the bed

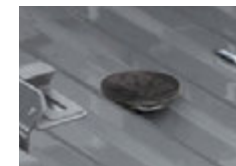

Use the pilot hole for error-free drilling

Ball up, ready for coupling

Ball stored, without rubber cover

# IBRAKE CONTROLLERS

## ECHO® MOBILE TRAILER BRAKE CONTROLLER

The Echo® mobile trailer brake controller brings brake control technology into the future. By simply plugging into your vehicle and wirelessly connecting to your smartphone, CURT™  Echo® lets you manage trailer brake activity right from your own device. It comes with a customizable app for Apple® or Android™ phones, a portable design to easily switch between vehicle-trailer combinations and is made of a durable, weather-resistant construction.

- ▮ Plugs into the 7-way RV blade socket at the rear of your vehicle and provides a socket to plug in the trailer harness
- ▮ Operates using a triple-axis motion-sensing accelerometer
- ▮ Features automatic calibration to help eliminate setup requirements
- ▮ Compatible with 2-4 trailer brakes (1-2 axles)
- ▮ Can be used with low-voltage or PWM wiring systems
- ▮ Can easily transfer between vehicles and can be used with multiple trailers
- ▮ Compatible with cruise control and ABS brakes
- ▮ Can store multiple vehicle-trailer profiles, making it ideal for commercial fleets
- ▮ Features built-in reverse-polarity protection and short-circuit protection

The Bluetooth button for the Echo® mobile brake controller is designed to enable hands-free driving. Whether local laws prevent you from using the Echo® phone app or you simply prefer a manual touch, this button allows you to activate the trailer brakes with the press of a button whenever necessary. This manual override button functions in tandem with the Echo® brake controller and your smartphone. With the button synced using Bluetooth, the Echo® continues to operate the trailer brakes normally, as it does with the Smart Control app. However, instead of using the app interface to manually activate the trailer brakes for whatever purpose, this button provides a phone-free experience (Echo® still uses your phone and the app to operate; app must be running for button to operate).

- ▮ Programmable for other Flic applications
- ▮ Small-footprint, 1-1/8" diameter
- ▮ Long-range Bluetooth maintains a strong connection
- ▮ Can be used with app alone; button not essential for operation
- ▮ Includes double-sided adhesive pad for easy mounting on the dash
- ▮ One-year warranty
- ▮ Soft-touch material for comfortable use
- ▮ Includes replaceable CR2016 battery with lifespan up to three years

# ECHO® IN-LINE TRAILER BRAKE CONTROLLER WITH OVERRIDE BUTTON

## BRAKE CONTROLLER

The Echo® Trailer Brake Controller<sup>1</sup>  is truly a trailer brake controller for the modern age. It plugs into your vehicle and wirelessly connects to your smartphone, allowing you to control and monitor all trailer brake activity right from your own device. It comes with a customizable app for Apple or Android phones, a portable design to easily switch between vehicle-trailer combinations and a durable, weather-resistant construction.

- | Plugs in behind existing 7-way socket with USCAR connectors
- | Features automatic calibration to assist with setup requirements
- | Operates using a triple-axis motion-sensing accelerometer
- | Capable of being used with 2-8 trailer brakes (1-4 axles)
- | Compatible with low-voltage or PWM (pulse-width modulation) wiring systems, cruise control, ABS and EOH (electric over hydraulic) braking systems
- | Features built-in reverse-polarity protection and short-circuit protection
- | Controller can be used with app alone; Echo® Bluetooth Override not essential for operation but highly recommended for hands-free driving

## OVERRIDE BUTTON

The included Echo® Bluetooth Override button is designed to support hands-free driving. Whether local laws prevent use of the Echo® phone app or you simply prefer a manual touch, this button allows you to activate the trailer brakes with the press of a button whenever necessary. This manual override button functions in tandem with the Echo® brake controller and your smartphone. With the button synced using Bluetooth, the Echo® continues to operate the trailer brakes normally, as it does with the Smart Control app. However, instead of using the app interface to manually activate the trailer brakes for whatever purpose, this button provides a phone-free experience (Echo® still uses your phone and the app to operate; app must be running for button to operate).

- | Features double-sided adhesive pad for easy mounting on the dash
- | Provides a strong long-range Bluetooth connection
- | Includes replaceable CR2016 battery with up to three-year lifespan
- | Soft-touch material for comfortable use
- | Small-footprint, 1-1/8" diameter
- | One-year warranty
- | Highly recommended for hands-free driving

## PATROL COOLERS

Through heat and dust, pouring rain and mud, Dometic Patrol<sup>1</sup>  ice chests take it all in stride. The robust, one-piece rotomolded polyethylene design make the ice chest tough enough for years of outdoor adventure. On hikes, rides and climbs, its dependable cool storage makes the Patrol an ever-present companion. Ready for the challenge, it dares you to go further because it can handle harsh treatment. And every scratch tells a story.

Every detail of the Patrol cool boxes, made from impact-resistant and seamless plastic, is designed to withstand the toughest condition. This trusty cool box comes with strong and thick refrigeration-grade foam insulation. Its unique labyrinth design holds cold air in, while keeping the warm air out, for longer lasting ice regardless of the outside temperature and conditions. When fitted with ice packs or ice cubes, the extremely effective insulation system can keep drinks, groceries, fish or bait fresh for days.

- | Thick PU insulation keeps ice frozen for days
- | Large, leak-proof drain makes cleaning easy
- | Deep-freeze lid seal ensures no gaps for air to enter or escape
- | Rugged construction with one-piece rotomolded polyethylene
- | Rubber latches allow for convenient one-hand opening

**ECHOMASTER**

# EYES BEHIND YOU

Expand your field of vision with the Replacement Rearview Mirror from EchoMaster®<sup>1</sup> . This rearview mirror with a 7.3" camera display uses the vehicle's factory Rear Vision Camera for when the vehicle is in reverse. For added confidence, the 7.3" display helps to improve the view of any obstacles behind the vehicle.

Also available is a 7.3" camera display version that includes an HD camera that mounts to the vehicle roof and provides a full-time view, which can be helpful for cutaway and box truck vehicles. The camera can display a real-time representation of what's behind the vehicle while driving.

Includes rearview mirror, harnesses to make the system plug-and-play, top mounted camera and extension cable (for auxiliary HD camera version only), and installation materials and instructions.

- Large 7.3" screen built into rearview mirror replaces standard factory display
- Adjustable brightness
- Ability to view image at any time, not only when in reverse
- Plug-and-play functionality
- Compatible with Forward Collision Alert (if equipped)
- Included full HD camera mounts to the vehicle roof and provides a full-time view, which can be helpful for cutaway and box truck vehicles (part # 19436517 only)

# INTELLIGENT TOWING

## INTELLIHAUL TRAILERING CAMERA SYSTEMS

The IntelliHaul 3.0 Trailing Camera System from EchoMaster<sup>®1</sup> is built with trailering in mind. This system includes side blind spot cameras, a front-facing camera, a wireless trailer camera and smart graphical user interface (GUI) integrated into the vehicle touch-screen. The GUI automatically activates cameras based on driver behavior, such as placing the vehicle in reverse or using turn signals. Manual camera activation is also available using the touch-screen controls.

- Mirror caps for housing cameras are designed to match the factory side mirror color and texture of vehicle
- Camera housing seamlessly integrates into vehicle's side mirrors without adding any additional bulk to the vehicle
- Intuitive GUI allows manual activation of all cameras and offers a split and multiview screen option
- Front camera mounts to truck's front grille or bumper
- HD camera contains a Sony IMX 225 sensor and provides a 170° viewing angle
- Camera can be set up to automatically activate based on driver speed or manually activated by the integrated touch-screen GUI
- Interchangeable with multiple trailers, each equipped with added optional wireless cameras (sold separately) for fleet vehicle needs, such as landscaping or commercial hauling
- Engineered module allows for seamless plug-and-play installation

## USB CABLE

Staying connected is vital and iSimple<sup>®1</sup> helps to keep mobile devices charged up and ready for work or play. With a dual option connector to adapt USB charging and audio ports to many devices, uLinXMAX USB cables by iSimple<sup>®1</sup> provide outstanding flexibility and durability. They feature heavy-duty, dual-layer shielding for reducing electromagnetic (EM) and radio frequency (RF) interference, helping to ensure clear audio quality. Constructed with a high ratio of pure copper wire strands for optimum power flow, they are capable of providing up to 3 amps of charging power. With a generous 3-foot total length (~1 meter), they allow easy device placement around the USB port.

- | Compatible with Apple CarPlay<sup>®</sup> and Android Auto<sup>™</sup>
- | USB Insertion test: Exceeds 10,000 cycles
- | Phone side connector features 55-lbs. pullout force (the force required to separate the connector from the cable)
- | Outer cable wall thickness: .55mm

# GET A JUMP ON BATTERY ISSUES

## LIGHTWEIGHT, POWERFUL BATTERY BOOSTERS

Dead vehicle batteries are no longer a problem, thanks to Genius Boost Jump Starters from NOCO®<sup>1</sup>. These portable lithium-ion battery jump starter packs feature patented safety technology that provides spark-proof connections and reverse polarity protection, making them safe and easy for anyone to use.

If you need a professional tool to help you understand the problem, you can turn to the NOCO® GB150 with the integrated voltmeter. There are many reasons why your vehicle may not start. With a built-in digital voltmeter, you can quickly determine if it's a discharged battery or something else.

They are lightweight, weighing as little as 2.3 pounds, and can double as a portable power source for recharging USB devices, including smartphones and tablets. The NOCO® GB150 model features an integrated digital voltmeter to help track down the source of a no-start condition. Batteries showing 12.7–12.8 volts are good to go, allowing you to trace starter, alternator or battery cable issues instead.

Depending on the model, you can also power 12-volt devices, such as tire inflators and power inverters. Available in GB40, GB70 and GB150 versions, they feature an LED flashlight with seven light modes, including SOS and Emergency Strobe, and deliver multiple jump starts on a single charge, ensuring safe motoring for you and your loved ones.

# CHARGE FULLY DRAINED BATTERIES WITH SMART CHARGERS

Say goodbye to bulky trickle chargers – now you can safely charge select GMC vehicles with a NOCO<sup>®</sup> <sup>1</sup> Genius Charger. Compact and rugged, these portable automatic battery chargers and maintainers are specially designed to energize 6V, 12V and 24V lead-acid and 12V lithium-ion batteries. NOCO<sup>®</sup> intelligent battery maintenance technology monitors battery activity and helps reduce risk of battery overcharging, which can decrease battery life.

NOCO<sup>®</sup> Genius Chargers feature patented safety technology that provides spark-proof connections and reverse polarity protection. With the push of a button, you'll have the ability to switch between various charging modes. It's as simple as connecting the charger to the vehicle's battery, select the mode and leaving the battery to charge. Once the vehicle's battery is fully charged, the indicator will glow green and the unit will stop charging. All that's left to do is detach the Genius Charger and go.

Available in Genius 5 and Genius 10 models, NOCO<sup>®</sup> Genius Chargers have the easy-to-use features you need to keep vehicle batteries fully charged.

- Keeps the battery fully charged indefinitely without overcharging
- Stabilizes internal battery chemistry for increased performance and longevity
- Intuitive visual diagnostic tool for detecting reverse polarity, low-voltage or damaged batteries
- Dirt, water, UV, impact and crush resistant
- Force Mode charging allows you to charge batteries reading as low as zero volts
- Low battery voltage recognition down to 1 volt

# YOUR CARGO, YOUR WAY

## MOLLE RACK SYSTEM

Secure your gear on the go with Putco® MOLLE Rack System Panels<sup>1</sup> . The Putco® MOLLE (Modular Lightweight Load-carrying Equipment) Rack System is custom engineered to fit directly to each make and model using the existing mounting points in the truck bed. The rack systems allow you to keep your gear organized, easily accessible and secure. They work with all MOLLE, PALS, Quick-fist and many other gear strapping systems to hold your cargo in place on all types of roads. Panel is not intended for use as a tie-down point.

- | Custom-fit designs engineered for a range of vehicle makes and models
- | Lightweight cargo solution
- | Easy-to-use and fully customizable
- | Mount MOLLE bags, trail gear, tools, high lift jacks, axes, shovels, Rotopax, Maxtrax and more
- | Compatible with Putco strapping mechanisms
- | Simple installation that utilizes existing mounting point – no cutting or drilling
- | Provides clearance for factory tie-downs and access to bedside outlets and lighting
- | Compatible with bed covers (except on All-New Canyon) and spray-in bed liners; not compatible with drop-in bedliners or sport bars
- | CNC-cut from heavy-gauge 1/10-inch-thick 6000 Series aluminum with a black minitexture powder coat finish
- | Driver-side, passenger-side and cab-side panels sold separately for maximum customization
- | Perfect addition for over-landing builds
- | Backed by Putco's limited 3-year warranty
- | Dynamic Load Rating: not to exceed 75 lbs
- | Static Load Rating: not to exceed 200 lbs

## MOLLE GRIP CLAMPS

Skip the bungee cords and secure your crucial gear and tools like a pro with Putco® MOLLE Grips<sup>1</sup>. Manufactured out of heavy-duty grade rubber and heavy-duty FRP (fiber-reinforced polymer), these were designed to withstand adverse weather and UV rays.

Each Molle Grip includes a patented Molle mount plate that allows the quick and ultra-secure installation to a Molle panel. These plates are compatible with Putco® Molle Panels – and also with several other brands of Molle panels.

These Molle Grips are the ultimate solution when trying to secure and organize all your crucial overlanding or military equipment, such as shovels, axes, flashlights, ratchets, rifles, shotguns, tactical equipment, hammers and high lift jacks. Your gear will be ready and in place when you most need it.

- Heavy-duty grade rubber and FRP
- Hold up to 25 or 50 lbs., depending on size
- Accommodate widths between 5/8" and 3 1/4" in diameter, depending on clamp size
- Great for securing a shovel, ax, tactical gear and more
- No-drill installation
- Kits include grips and mounts
