

STEEL UTILITY RACKS BY TRACRAC®

RACK UP YOUR CARRYING CAPABILITY

Manufactured by TracRac, these heavy-duty, commercial-grade steel utility racks are professionally engineered to exacting standards, using superior 13-gauge steel construction. Durable and versatile enough to transport large cargo, while providing convenient access to tools and materials.

HALF-STEEL UTILITY RACK

A half-steel utility rack that works full time. It's engineered to help carry a several-hundred-pound load — safely and securely.

FULL-FRAME STEEL UTILITY RACK

With a nearly one-ton capacity, this commercial-grade steel truck utility rack is manufactured to take it. The convenient removable/swingout rear bar allows quick access to tools or supplies in the truck bed. Rack payload capacity may exceed truck bed wall capacity. Consult your GMC dealer for recommended bed capacity rating.

PART #	PART NAME	DESCRIPTION	VEHICLE	MSRP*	INSTALL TIME	UTILITY RACK COMPATIBILITY
19299116	Full-Frame Steel Ladder Rack	Black	2007-14 GMC Sierra	\$979.00	1.5 hrs.	Compatible with Single-Lid Deep-Well, Gullwing and Low Profile Toolbox by UWS (19299117, 19299118, 19260344 and 19302652). Not compatible with GMC Accessories Stationary Toolbox (19170990)
